An itchy witchy.

Who are some of the were-
wolves cousins?
The whatwolves and the whenwolves.

When witches go riding,
and black cats are seen,
the moon laughs and whispers,
'tis near Halloween.

How can you tell when windows are scared?
They get shudders.

Train tips for a more enjoyable Cass visit

- Arrive a couple hours early to take advantage of the free interpretive tours of the locomotive shops (when available), and the Cass Showcase orientation film and diorama.
- Bring more clothes than you expect you'll need - mountain air is much cooler.
- Wear dark clothing, since steam locomotives tend to produce soot.
